Camp objective is to offer young people a unique cultural experience related to discover the beauty of music and their theatres through the cities that were their cradle and source of inspiration. Italy is the country where musical opera was invented, in the 16th century, the homeland of immortal composers such as Vivaldi, Rossini, Donizetti, Bellini, Verdi, Puccini and Mascagni.

This is demonstrated by the presence of spectacular theaters, known throughout the world, from La Scala in Milan, one of the most famous theaters in the world, to the Arena in Verona and La Fenice in Venice.
